30 mm dynamic drivers

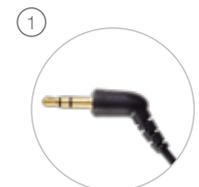

Most headphones are too big for children's heads. That's where our ACM-7002 stereo headphones for kids come into play. The adjustable headband provides a perfect fit for a kid sized head and the design is durable enough for the rough handling the young life brings. Each ear cup has a volume knob for individual level changing, which works great for numerous educational applications, while their sound maxes out at a safer level for children's ears.

Individual

UPC: 646422 10193 4
DIM: (L) 6.3 in X (W) 3.0 in. X (H) 6.7 in.
